OFFICE OF
DR. CARYL POTTER
731 FARAON STREET

ST. JOSEPH, MISSOURI

HOURS
1 TO 5:30 P. M.
AND BY APPOINTMENT

January 9, 1933

I am going away for a two to three months' vacation and I am leaving all of my work in charge of Dr. Cabray Wortley, whom I recently associated with me in practice.

Dr. Wortley is thoroly competent and has had good training. He is a graduate of Williams in academics, University of Chicago in medicine and had a year and a half of internship at St. Luke's Hospital, one of the largest hospitals in Chicago. I have been interested in his development since he was a boy 12 years of age and have been instrumental in directing his educational advancement.

I hope you will give Dr. Wortley the full measure of confidence that you have extended me and that your association with him will be pleasant and agreeable. The office will go on as usual and I have established this association with him in order that I may get away for more prolonged rest and clinical study which will be mutually advantageous.

With kindest personal regards,

Sincerely yours,

Caryl Potter
